**Wholeness Alignment with Sue Cimino**

### Part 1 - Introduction & Setup Prerequisite

Sue shares her remarkable life story, leaving work as an accountant to follow a mystical calling to Tasmania. There she connected with a "Circle of Consciousness Involved with Creation" that showed her how to heal herself from Lyme disease, and gave her important messages about humanity and what is needed for it to flourish. Through these communications, the Wholeness Alignment emerged, a life changing protocol that enables you to embrace your Wholeness, reclaim your sovereignty, and make quantum leaps into your most exciting and fulfilling future.
